

Material Safety Data Sheet

1	<u>Identification of the substance / Preparation</u>	 Protect A1 Non-Permeable Roof Underlay
	<u>Company name</u>	Glidevale Limited
	<u>Address</u>	2 Brooklands Road, Sale, Cheshire, M33 3SS
	<u>Telephone</u>	0161 962 7113
	<u>Fax</u>	0161 905 2085
2	<u>Composition / information on ingredients</u>	The product is from polypropylene membrane, which, in the end user state represents no significant hazard (Refer to specific hazards).
3	<u>Hazards identification</u>	<p>In it's end user state this product represents the following risks:</p> <p>Eye contact: Superficial irritation.</p> <p>Skin contact: Nil.</p> <p>Ingestion: Nil.</p> <p>Inhalation: Nil.</p>
4	<u>First Aid Measures</u>	<p>Eye contact: Flush out using copious amounts of fresh water.</p> <p>Skin contact: Any molten material on the skin must be cooled as quickly as possible using cold water. Cover the wound with a sterile cloth and seek further medical assistance.</p> <p>Ingestion: No danger of toxicity, the material is biologically inactive.</p> <p>Inhalation: When fumes from molten material have been inhaled:</p> <ul style="list-style-type: none"> - Move person to fresh air as quickly as possible. - Rest in half upright position. - Loosen clothing. - Keep warm. - In cases of respiratory problems, move person to first aid station or hospital for medical attention.
5	<u>Fire Fighting measures</u>	<p>Extinguishing media - Water, water / foam, CO2, ABC powder.</p> <p>Specific hazards:</p> <p>Membrane Although manufactured from polypropylene and will burn in the presence of an ignition source, the membrane tends to melt and shrink away from a heat source. In fully supported situations the reaction to fire will be determined by the support used. In unsupported applications there is a risk fire can spread if the material is ignited.</p> <p>Products of combustion - Quantities of monomers and hydrocarbon fragments are released in addition to carbon dioxide, carbon monoxide and water, aldehydes, ketones and acroleine. Toxicity is negligible when used in a roof situation.</p>
6	<u>Accidental release measures</u>	Not a hazard in normal use.
7	<u>Handling and storage</u>	Store in a cool dry place.

8	<u>Exposure controls / Personal protection</u>	Not a hazard in normal use. No Personal Protective Equipment required.
9	<u>Physical and chemical properties</u>	Appearance: Dark grey upper surface and black absorbent underside. Odour: none, not water-soluble.
10	<u>Stability and reactivity</u>	Stable under normal conditions.
11	<u>Toxicological information</u>	Biologically inactive. If in contact with eyes, flush out using copious amounts of fresh water.
12	<u>Ecological information</u>	This product is intended for use as a roof underlay for use in pitched roof constructions.
13	<u>Disposal considerations</u>	The disposal of this material, as well as its packaging thereof, presents no danger regarding toxicological and/or ecological considerations. It can be re-used, recycled or burnt in an approved controlled manner or disposed of via landfill.
14	<u>Transport information</u>	Not Classified.
15	<u>Regulatory information</u>	Not Classified.
16	<u>Other information</u>	This product does not require any special training before use. Usage and handling instructions are mentioned on this Material Safety Data Sheet.
