

MOULDINGS

BRING HOMES TO LIFE

a d d t h e f i n i s h i n g

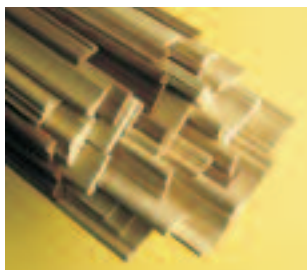

Anyone who works with wood will recognise the appeal of Richard Burbidge mouldings. They can be found in almost every room of every home and have a multitude of practical and decorative applications.

Mouldings are often used to hide gaps, cover rough edges or to tidy up imperfect joins, but they can also simply enhance the style and character of a room. Available in a wide range of styles, sizes, profiles and finishes, the possibilities are endless.

DECORATIVE mouldings

...dowels, trims & problem solvers

Decorative mouldings can be found in almost every room in every property – hiding gaps, covering rough edges or imperfect joins, adding decorative detail or simply providing that professional finish to a project. The Richard Burbidge range of decorative mouldings is the most comprehensive available on the market and includes pine, light hardwood, dark hardwood, plastic and aluminium profiles.

Here are just a few uses of our most popular profiles

Angles

Use on external or internal corners. Ideal to cover edges on worktops, tables and shelves.

Picture Frames

A range of profiles to enable you to make bespoke sized picture frames and mirror.

Covers

Ideal finishing trims. Perfect for adding a smooth edge to shelves, worktops or cladding.

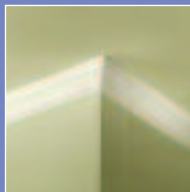

Plastic & Aluminium

A range of trims offering low maintenance solutions.

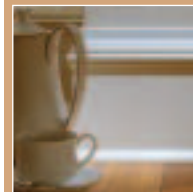

Coving

Use to conceal the join between wall and ceiling. Also softens the square edges of a room.

Quadrants

Used to bridge gaps in internal corners. Ideal for covering expansion gaps on wood flooring.

Decorative

Use as decorative trims or detailing. Add the finishing touch to doors, walls and furniture.

Scotias

Decorative trims used to cover gaps and rough joins in internal corners.

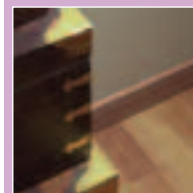

Dowels

Generally used to reinforce joints or as a rail, hook or curtain pole.

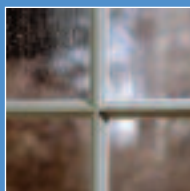

Skirting

Used to hide the join between the wall and floor and protect the lower wall from knocks and bumps.

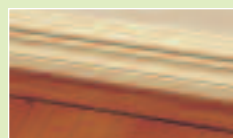

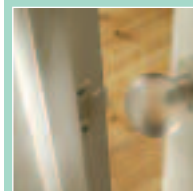

Glass Beads

Typically used to hold glass in place on windows and doors.

Miscellaneous

A range of profiles with specific uses such as wire carrying conduit, door stops and ailer lath.

Flooring Covers

A range of fully finished covers designed to hide the expansion gap on wooden floors.

For a full product listing please refer to pages 16-19 and our handy pocket guide – FY024.

ARCHITECTURAL mouldings

everyday easifix

CONTEMPORARY easifix

new england Traditional Fix

VICTORIAN GOTHIC Traditional Fix

Architectural mouldings make it possible to add style and character to the home, letting the subtle character of wood enhance any room. Designed to complement one another or be used in isolation, architectural mouldings can be used throughout your home – the hall, lounge, dining room, bedroom, kitchen – the results will be equally impressive.

Products are available in a wide variety of styles; add a little interest with elegant skirting and architrave, use a picture rail to reduce the apparent height of a room, introduce a dado for a change of colour or texture on a wall, the possibilities are endless...

EASIFIX RANGES

Our easifix ranges are available in two suites:-
'everyday easifix' for traditional styling and
'contemporary easifix' for a modern look. Both ranges incorporate our unique secret fix clip system, which eliminates the need to fill and sand unsightly nail and screw holes. Skirtings, dados and picture rails also have scribed ends for easy joins along the wall and at internal corners. Plate rack, cornice and a gallery rail are also available to compliment the range.

PRE-SCRIBED ENDS & SECRET-FIX CLIP

For perfect joins on straight runs.

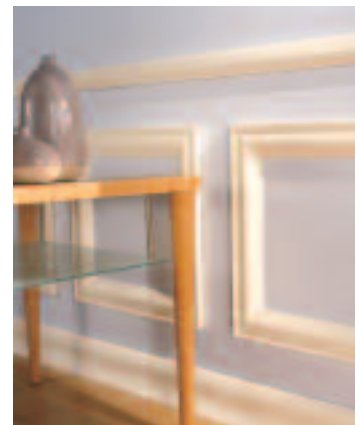

For perfect internal corners.

Eliminates unsightly screw heads and nails.

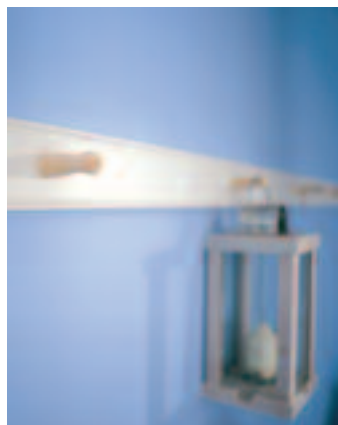

everyday easifix

CONTEMPORARY *easifix*

TRADITIONAL FIX RANGES

Our traditional fix ranges are available in two suites:-
'Victorian Gothic' and 'New England'. Both ranges can be fixed using traditional methods (wall screws and/or adhesive) and offer two completely different looks – gothic revival and cool shaker styling.

new england Traditional Fix

VICTORIAN GOthic Traditional Fix

ORNAMENTAL mouldings

CARVED MOULDINGS

EMBOSSSED MOULDINGS

CARVED MOULDINGS

ORNAMENTS

...add the finishing touch

If you're looking to add the finishing touch to your home, you will recognise the creative and innovative appeal of Richard Burbidge ornamental mouldings. Ornamental mouldings can be used to create stylish, decorative effects all around the home. Add that unique look – let your imagination run wild!

CARVED PROFILES

Available in 1.5m lengths and short 1m trims, carved mouldings are finely crafted to give than detailed definition that you just want to touch. Profiles are carved from a range of high quality timbers to create designs of distinction and character.

EMBOSSED PROFILES

The patterning of timber is a time-honoured tradition. At Richard Burbidge, we use state of the art technology to achieve consistent and intricate detailing on our range of embossed mouldings. If you prefer period or contemporary, or just simply want to inject some fun into a room, there will be a design for you.

ORNAMENTS & CORBELS

Whether you brighten up your kitchen with a cheerful sun, add character to furniture with corners, or give your bathroom a new lease of life with a fish, this superb range of ornaments will add the finishing touch to a whole host of surfaces. Choose from our extensive collection of pressed and hand carved ornaments.

For a full product listing please refer to pages 21-24 and our ornamental mouldings brochure – FY022.

PINEBOARD

PINEBOARD MOULDINGS - Shelving

The ultimate material for construction projects around the home

Pineboard is an extremely versatile and practical product with a huge range of construction and DIY applications including shelving, storage units and wardrobe and cupboard doors to name but a few.

Manufactured from Scandinavian whitewood, our high quality range is laminated for strength and durability. All boards have a chamfered edge and a smooth, planed finish that is ready to paint, stain or varnish.

The pineboard range includes 30 different options, with sizes ranging from 850 x 200mm to 2350 x 600 mm.

For a full product listing please refer to page 24.

LOUVRE doors

LOUVRE DOORS

Ideal for kitchen cupboards, wardrobes, storage cupboards, shutters...

Louvre doors are a classic favourite. Ideal for kitchen cupboards, built in wardrobes, metre cupboards, under the stairs – anywhere where you need a door. You can even use them as shutters.

Manufactured from high quality timber, our range is 29mm thick with a smooth, planed finish that is ready to paint, stain or varnish.

The louvre door range includes 42 different options, with sizes ranging from 457 x 305mm (18" x 12") to 1981 x 762mm (78" x 30").

For a full product listing please refer to page 24.

PANEL mouldings

AFTER - 'Victorian' style

BEFORE - Plain door

AFTER - 'Georgian' style

AFTER - Be creative

Transform any flat, lifeless surface

Richard Burbidge panel mouldings provide a simple way to transform the look of a room. Great for enhancing flush doors, walls, furniture and kitchen cupboards, panel mouldings are the easy way to add style and definition to any flat, lifeless surface.

Panels are pre-assembled for a perfect fit, which means no cutting, no mitres and no mess – simply measure and fix in place.

Panel kits are available in a range of styles and profiles and can be stained, varnished or painted to complement any room.

For a full product listing please refer to page 25 and our architectural mouldings brochure – FY032.

MDF screens

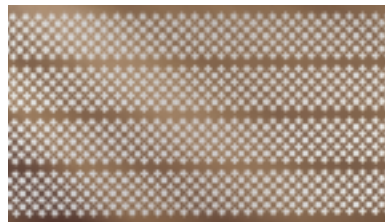

MDF SCREENS - Longton screen

FILLIGREE SCREEN

FLEUR DE LYS SCREEN

LONGTON SCREEN

Ideal for cupboard doors, built-in wardrobes, covering unsightly pipework...

Screens are a decorative solution for a whole host of applications; cupboard doors, built-in wardrobes, covering unsightly pipework, radiator cabinets – anywhere that requires screening off.

Supplied in high quality MDF sheets our current range is available in three styles – Filligree, Fleur de Lys and Longton – and two sizes.

For a full product listing please refer to page 25.

STRIPWOOD

STRIPWOOD

STRIPWOOD

● – Indicates where stripwood has been used.

Planed, functional mouldings for 1001 uses around the home

Richard Burbidge stripwood is manufactured from premium quality timber and is available in a wide range of sizes in pine, hardwood and dark hardwood.

Stripwood is generally a functional moulding planed on all sides, which can be used for a whole host of applications throughout the home.

Use to build a bathroom cupboard, to box in unsightly pipework, as support batons, or simply as a plinth – anything that requires a straight, planed edge.

For a full product listing please refer to page 25 and our handy pocket guide - FY024.

AC001 - Unfinished MDF (shown painted white)

AC002 - Solid Pine

Open plan living made easy

Richard Burbidge arch kits offer a stylish yet easy to install decorative feature to any home. Not only do they transform standard doorways into elegant archways, they also help rooms to appear larger and brighter.

Most arches require costly innovations, however with these low price kits, it is easy to install yourself. Kits are available in unfinished MDF and pine and are suitable for most interior door ways up to a maximum internal aperture of 2000mm high x 1000mm wide x 160mm deep – simply cut to size.

All kits include the necessary architraves, internal door linings, trims, architrave blocks, corner infills and fixings to complete the project.

For a full product listing please refer to page 25.

MERCHANDISING Racks

A well-presented timber area can make all the difference to sales and Richard Burbidge Limited takes pride in supplying the best merchandising solutions available in the market. All our merchandisers include point of sale to aid product location and colour photography to inspire customer purchases. If you would like more information on any of our racks and standard stock deals, please contact your local sales manager.

DECORATIVE MOULDINGS

Decorative mouldings can be stocked in a number of different merchandising options with attractive colour coded point of sale to aid product location. Horizontal boxes and vertical racks are available as follows:-

Box option 1:

H:2742 x W:953 x D:2490mm

Box option 2:

H:2742 x W:1425 x D:2490mm

Box option 3:

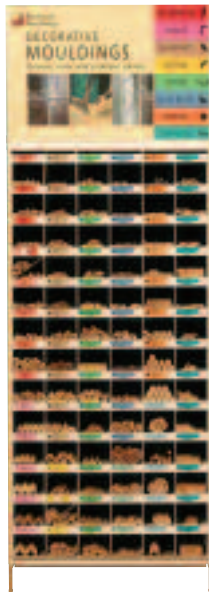

H:2742 x W:1877 x D:2490mm

Vertical option 1:

H:2500 x W:1220 x D:485mm

Vertical option 2:

H:2500 x W:2440 x D:485mm

Box option 1

ARCHITECTURAL MOULDINGS

Architectural mouldings can be stocked in three vertical merchandising options with inspirational point of sale as follows:-

Vertical option 1:

H:2500 x

W:1220 x

D:600mm

Vertical option 2:

H:2500 x

W:2440 x

D:600mm

Vertical option 2

ENVIRONMENTAL POLICY

Richard Burbidge Limited recognises that its business operations have a significant impact on the environment and is committed to identifying these impacts and developing management action plans to reduce these impacts.

We also recognise our wider responsibility to staff, the local communities in which we operate, and the wider community including our worldwide network of suppliers to operate in a socially and environmentally aware and responsible manner.

The company operates an environmental management system meeting the requirements of ISO14001. The company has operated this system since mid-2000 and is certified by BM TRADA (certificate number 039).

The management programme for ISO14001 demonstrates the company's commitment to continual improvement and there are many separate initiatives in progress currently.

TIMBER POLICY

We accept that as a major timber product business, we have a responsibility and duty of care, to ensure that our activities are demonstrating best practice and are positively contributing to the sustainable use of timber extracted from the world's forests.

OUR COMMITMENTS

- We use our purchasing power as an influence to affect positively the management of forests around the world.
- We submit our activities to independent third party organisations for audit.
- We believe that independent certification is an effective method to demonstrate that best practice is being followed in forestry management.
- We are members of the Forest Stewardship Council (FSC) and the Programme for Endorsement of Forest Certification (PEFC).
- We have identified the original source of all the timber that we use.
- For a full list of FSC & PEFC certified products, please refer to our Trade Price List - ZY008.

OTHER PRODUCTS AVAILABLE FROM RICHARD BURBIDGE

Wherever possible Richard Burbidge products are manufactured from solid lengths of timber. However, in some circumstances in order to enhance a products strength and/or stability or to reduce the environmental impact of the raw material we use, it is necessary to use laminated and/or finger jointed material. Timber is a natural material and whilst great care is taken to match jointed pieces some colour variation is to be expected. If you wish to clarify the specification of any of our products please contact our Technical Department on 01691 678212.

Timber is a natural material and colours may vary between components.

Colours of components shown in this brochure are as accurate as the printing process will allow.

Please note that the product ranges shown in this brochure may not be available in all outlets.

Richard Burbidge Limited has a policy of continuous product development and improvement. Whilst information is correct at the time of going to press, we reserve the right to make changes without notice. E &OE.
