

Product Name

Vario KB1 Single Sided Adhesive Tape

Our high adhesion, single sided adhesive tape for fixing overlapping membrane seams.

Part of the Vario range

Vario KB1 Single Sided Adhesive Tape

BENEFITS AND FEATURES

THERMAL	For renovation projects, especially loft spaces and roofs, Vario together with Glasswool insulation dramatically improves the thermal performance of an older building
FIRE	Euroclass E (normally flammable) in accordance with DIN 13984.
MOISTURE	As part of the Vario system - prevents mould and mildew growth by reducing the potential for moisture accumulation
ENVIRONMENTAL CREDENTIALS	Vario automatically adapts to long heating and short drying periods, unlike conventional membranes that behave the same way in all conditions. Vario protects the inside of the building against toxic gases - particularly important when converting the attics of older buildings into living space
TEMPERATURE	(- 40°C to + 80°C.)
WATER VAPOUR DIFFUSION	Approx. 70 g/m ² d to 1.2 g/m ² d in accordance with EN 12572.

STANDARDS & CERTIFICATION

QUALITY	We hold a Quality Management Standard BS EN ISO 9001: 2008 for manufacturing.
CE	All products are manufactured in accordance with the CE marking requirements under the Construction Products Regulation,
PRODUCT STANDARDS	All our products are manufactured in accordance with product standard: BS EN 13162: 2008 and BS EN 13172 Evaluation of Conformity.
ENVIRONMENT	ISOVER is an ISO 14001:2004 (Environmental Management System) accredited manufacturing facility. This accreditation ensures that all products are manufactured to the stringent standards set out by this management system. EN ISO 13162 EMS 551706 003 BS EN ISO 9001: 2000

Vario KB1 Single Sided Adhesive Tape Application

Masonry

Dry Lining

Single Brick Construction

- 1 215 mm brick
- 2 13mm Gyproc Plaster
- 3 Optima metal studs + fixings
- 4 ISOVER insulation
- 5 Vario membrane + KB1 adhesive tape
- 6 Gyproc WallBoard
